23rd January 2003

Dear Mr. Mouskos,

Thank you for your letter of 13th January in connection with the '*Breathing Life Trust*'.

I am honoured that you have thought of approaching me with the request that I be a Patron of the Trust and, as I have told you, I am delighted to accept.

Your proposed sponsored fund-raising activities which will both attract publicity and raise money for your excellent objectives are admirable and (I am sure) suitable for a healthy and active young man such as yourself.

I was delighted to speak to you on the telephone the other day; however, I was disappointed that you were not able to attend the dinner in honour of the Anglican bishop of London last Tuesday. As I am sure you know, your beloved mother came to my Office with a mutual friend (Mrs. Eirini Christodoulides).

Wishing you every success,

I remain,

With best wishes and blessings

Gregorios
Archbishop of Thyateira
and Great Britain

Mr. John Michael Mouskos,
